

EASY GAZEBO

EASY GAZEBO

Our foldable Tents are very stable because of their 40x40mm Aluminum frame and the genius Lattices Technology makes them very easy to set up - without any tools! Therefore our Pavilions are perfect for exhibitions, fairs, sport, music and other outdoor events as well as almost every weather conditions.

The portable *Easy Gazebo* has an adjustable walkthrough height from 125cm - 200cm (3x3x) or 171,5cm - 200cm (3x4,5) and fits comfortably in the wheeled trolley case that comes with it.

The frame and the connectors are made from high quality aluminum and have a weight of 28kg (3x3) or 36kg (3x4,5). The Material of the roof and sidewalls is 420D Polyester with a PCV coating. That makes it waterproof, fire retardant (B1) and UV protected and therefore perfect for Outdoor use.

The *Gazebos* come in red or white (lots of other colors on request), with complete or half sidewalls, windows (also window flaps) and doors and if needed also as an all-round package with print.

With the plastic connectors in the kit you can connect several tents.

The sidewalls are connected with zippers and optional you can order spikes, ropes and 15kg weights to keep your tent on the ground in windy environments.
